

# WHEN YOU THINK OF GARAGE DOORS, THINK FIMBEL

In a day and age where trust and honesty are often forgotten, Fimbel takes pride in making sure the job is done right the first time.

We carry a wide selection of garage doors to suit your taste and/or needs.

Visit our showroom where you can select the door that is right for your house.

# WHAT IS THE FIMBEL ADVANTAGE? WE KNOW THE GARAGE DOOR BUSINESS

## THE HISTORY OF OUR SUCCESS

In 1923, Edward Fimbel, Sr., signed a franchise agreement with Overhead Door Corporation of Hartford City, Indiana, to manufacture and market overhead doors in the Northeast. After thirty years of manufacturing in the state of New Jersey, a facility in Nashua, N.H. was opened for easier distribution to the New England market. This operation was set up and run by Edward's eldest son, Paul.

In 1968 the franchise with Overhead Door was terminated and the Fimbel family went independent. In 1993, grandsons Michael and Carl Fimbel made the move from manufacturing to retail and started up Fimbel Paunet Corporation. To complement our product line, business relationships were established with Raynor Garage Doors and General Door Corporation.

In 1996 a second retail office was opened in Hampton to cover the seacoast area. This move has solidified our presence in southern New Hampshire. Now, in the year 2000, Fimbel Paunet has relocated its Nashua operation to a brand new facility in Merrimack. We look forward to a strong future fulfilling the garage door needs of our region.

## COMPARE US TO ANY OTHER GARAGE DOOR RETAILER

We make it easy for you to choose the right garage door. We've looked at what's available in the industry, and selected the finest manufacturer of wood doors, and a steel door manufacturer with the best and widest product line.

When you visit our showroom, you'll see twenty complete full-size doors on display. There is always a knowledgeable professional available to answer your questions—in fact, you can usually speak directly to one of the owners. We also have the expertise to engineer custom installations.

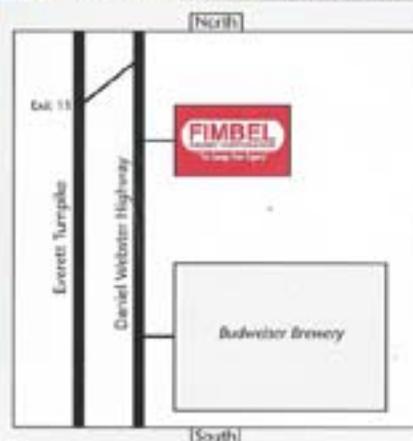

If your busy schedule makes visiting the showroom difficult, we offer a unique shop-at-home service you can take advantage of at a time convenient for you.

## SERVICE AFTER THE SALE

We stand behind the quality of our product and installation—we are not satisfied until you are. Our radio-dispatched service technicians can do maintenance or repairs on site, or do specialized repairs at our full service facilities in Merrimack and Hampton. You'll always get a quick response time—we know your peace of mind is important. We even have a 24-hour answering service to respond to emergencies any time, day or night.

**Let the little ones play in our Kids Korner while you shop.**
